A. The Board of Township Trustees or their designated representative shall have the authority, consistent with this Resolution, to grant special variances.

B. Any person seeking a special variance pursuant to this Resolution shall file an application with the Board of Township Trustees, or their designated representative. The application shall contain information which demonstrates that bringing the source of sound or activity for which the special variance is sought into compliance with this Resolution would constitute an unreasonable hardship on the applicant, on the community or other persons. Notice of an application for a special variance shall be given by the Board of Township Trustees or their representative to persons who frequent the area of the sound or activity and who may be adversely affected by the granting of the variance. Any individual who claims to be adversely affected by allowance of the special variance may file a statement with the Board of Township Trustees or their representative containing any information to support his or her claim.

C. Application for extension of time limits specified in special variances or for modification of other substantial conditions shall be treated like applications for initial special variances.

The provisions of this Resolution shall not apply to the following:

- A. The emission of sound for the purpose of alerting persons to the existence of an emergency, or for the performance of emergency work.
- B. Organized school-related programs, activities or parades or other public programs, activities or events authorized by the Board of Township Trustees or their designated representative.
- C. Agricultural activities as defined in Ohio Revised Code, Section 1.61 are exempt from the provisions of this Resolution.

Section 10. APPLICABILITY

Nothing in this Resolution shall be construed to permit conduct prohibited by any other statute, resolution or regulation or to prohibit the enforcement thereof.

Section 11. USE OF RADIOS OR OTHER SOUND-MAKING DEVICES OR INSTRUMENTS IN VEHICLES

- A. It is unlawful for any person operating or occupying a motor vehicle on a street or highway to operate or amplify the sound produced by a radio, tape player or other mechanical sound-making device or instrument from within the motor vehicle so that the sound is:
 - 1. Plainly audible at a distance of 100 feet or more from the motor vehicle; or
 - 2. Louder than necessary for convenient hearing by persons inside the vehicle in areas adjoining churches, schools or hospitals.
- B. The provisions of this Resolution shall not apply to any law enforcement motor vehicle equipped with any communication device necessary in the performance of law enforcement duties or to any emergency or public safety vehicle equipped with any communication device necessary in the performance of any emergency procedures.
- C. The provisions of this Resolution do not apply to motor vehicles used for business or political purposes, which, in the normal course of conducting such business, use sound-making devices.
- D. The provisions of this Resolution do not apply to the noise made by a horn or other warning device required or permitted by State law or these codified resolutions.
- E. As used in this Resolution, "plainly audible" means any sound produced by a radio, tape player or other mechanical or electronic sound-making device or instrument, from within the interior or exterior of a motor vehicle, including sound produced by a portable sound-making device, that can be clearly heard outside the vehicle by a person using his or her normal hearing faculties, at a distance of 100 feet or more from the motor vehicle.
- F. A Deputy Sheriff who hears a sound that is plainly audible, as defined herein, shall be entitled to measure the sound according to the following standards:
 - 1. The primary means of detection shall be by means of the Deputy's ordinary auditory senses, so long as the Deputy's hearing is not enhanced by any mechanical device, such as a microphone or hearing aid.
 - 2. The Deputy shall have a direct line of sight and hearing to the motor vehicle producing the sound so that he or she can readily identify the offending motor vehicle and the distance involved.

3. The Deputy need not determine the particular words or phrases being produced or the name of any song or artist producing the sound. The detection of a rhythmic bass reverberating-type sound is sufficient to constitute a plainly audible sound.
- G. The motor vehicle from which the sound is produced shall be located upon (stopped, standing or moving) any street or highway within the Township. Parking lots and driveways are included when any part thereof is open to the public for purposes of vehicular traffic.
- H. The standards set forth in subsection (G) hereof, shall also apply to the detection of sound that is louder than necessary for the convenient hearing of persons inside the motor vehicle in areas adjoining churches, hospitals or parks.
- I. Whoever violates any of the provisions of this Resolution is guilty of a Minor Misdemeanor for each offense and shall be subject to the penalty provided in Section 12.

Section 12. PENALTY

- A. Whoever violates any regulation or order adopted under this Resolution is guilty of a Minor Misdemeanor. Fines levied and collected under this Resolution shall be paid into the Township general revenue fund.
- B. If the offender has previously been convicted of violating any provision of this Resolution, then the offender shall be guilty of a Misdemeanor of the Fourth Degree. When the offense is continuous or repetitious in nature, then each day that violation continues or is repeated shall be deemed a repetition of the offense and shall be punished as a separate distinct offense.
- C. Any person allegedly aggrieved by another person's violation of a regulation or order adopted under this Resolution may seek, in a civil action, a declaratory judgment (or), an injunction, or other appropriate relief against (an) the other person for committing the act or practice that violates that resolution or order. The court involved in the civil action may award to the prevailing party (a) reasonable attorney's fee(s) limited to the work reasonably performed.
